

## MAY YET BE INTERVENTION

Unless Peace is Restored in Mexico

WITHIN A SHORT PERIOD

Insurrectos Seem to Be Gaining Strength—Demand for Recruits—Opinion That Diaz Should Resign His Office.

San Antonio, Texas, March 24.—With the new demand for 6,000 or 7,000 recruits, the issuance of an order by General Carter making provisions for a sudden move, should it be required, and a statement by Dr. C. F. Caricristi of the Mexican revolutionary junta that "the United States will intervene in Mexico unless there is a definite show of tranquillity by May 1," the recently diminished war cloud loomed larger yesterday.

Dr. Caricristi felt sure enough of his facts to embody them in a report to Francisco L. Madero, the revolutionary leader. He urged Madero to achieve a decisive victory at all costs by May 1, for he wrote, "President Taft will not wait longer than that for quiet to be restored, business resumed and traffic over the railroads made secure."

Caricristi's letter is in the nature of a report on the meaning of the mobilization of American troops in Texas. In an interview yesterday, he said:

"Of course, a complete federal triumph in Chihuahua, the restoration of communication and other business likewise would avoid intervention. I know absolutely that President Taft is determined that order shall be restored, and quickly, by one side or the other in Mexico, with the alternative of intervention."

"In my report to Senor Madero, I point out the necessity of capturing and holding the state of Chihuahua. If this can be accomplished, I am convinced the revolutionists will be recognized as belligerents by the United States and other governments."

"I have reason to believe that May 1 is the date set for the termination of President Taft's patience with the disorder south of the Rio Grande. Neither side wants intervention, and I believe firmly that federal and revolutionists would make common cause against an invader."

"It is a fact that 75 per cent. of the credit in Mexico is in the hands of Americans and Europeans."

"Just how much influence has been exerted in Mexico by certain great interests I cannot say. I can swear that the revolution in Mexico started within its own borders, of its own force, for I helped to start it. But it gives food for thought to know that one interest, which has many millions invested, has always been on the friendliest terms with President Diaz and has received many great concessions from him. Another interest, with more money, and an eye on certain great natural resources of the country, has been antagonized at court by the former. The interest of the latter in a change of administration seems obvious."

General Carter's order for a tentative sudden movement of the troops says the base for the division has been established at Fort Sam Houston and that the movement to be taken along will be limited to the articles of equipment and supply which are actually to accompany the division in field service.

## Stop Hawking

Breathe Pleasant Hyomei and Get Rid of Catarrh.

Soothing, healing, Australian eucalyptus combined with thymol and other bactericidal antiseptics—that's Hyomei.

A complete outfit, including hard rubber pocket inhaler costs \$1.00. Four a few drops of Hyomei into the inhaler and breathe it.

It gives instant relief because it gets right to the inflamed parts. It kills the germs and heals the sore spots. Hyomei (pronounced High-o-mei) is guaranteed by the Red Cross Pharmacy to cure catarrh, colds, croup, sore throat, croup and asthma, or money back. Extra bottle Hyomei costs but 50 cents.

## "Best Little Cathartic"

I ever used," writes one lady regarding Hood's Pills. "They are so mild, do their work without griping and always bring your habits regular. We use no other cathartic." The favorite in thousands of families. Sold by all druggists. 25 cents.

## DIAZ MUST STEP DOWN.

Otherwise There Can Be No Peace in Mexico.

New Orleans, March 24.—"President Diaz must step down before peace can come to Mexico." This is the declaration of Capt. Sherburne J. Hopkins of Washington, attorney for the Madero insurrectionists, who sailed from New Orleans late Wednesday for Guatemala City, for a consultation with President Cabrera on matters concerning that government.

Captain Hopkins emphatically denied the report that American interests are financing the Mexican revolution.

"The Madero family alone is furnishing the money for the revolution," he said.

"Diaz has no power, and his boasted army could hardly cope with a Central American force. The common people do not like Limantour and more than that they do Diaz and it will be impossible for the finance minister to bring about peace."

## URGENT NEED OF RECRUITS.

Chicago Army Office Ordered to Keep Open Night and Day, if Necessary.

Chicago, March 24.—Two telegrams from the war department in Washington were received at the headquarters of the Chicago recruiting stations Wednesday, urging that the officers take immediate steps to enlist all possible recruits promptly.

The first telegram read as follows:—"Large number of infantry recruits required. Make special efforts accordingly. By order of adjutant general."

(Signed "Alford, Adjutant General.")

Hardly had the telegram order been communicated when a second telegram came from the adjutant general's office declaring the call urgent and advising that the stations be kept open day and night if necessary. It read:—

"Use every effort to procure recruits from the infantry without delay. Urgent. If necessary, keep open day and night."

## FOUR AMERICANS EXECUTED.

Reported Shot in Mexico Following Summary Court-martial.

San Antonio, Tex., March 24.—John Hamilton Dignowity, well known as "Ham" Dignowity, and three other Americans have been shot to death under orders of a Mexican court-martial for participation in the insurrection, according to a dispatch received yesterday by members of the Dignowity family.

The news was brought by Fred Dignowity, a cousin of the executed man, but he had no particulars aside from the allegation that the execution was the order of a drumhead court-martial. "Ham" Dignowity was 30 years old and was engaged in the cattle and mining business in the state of Chihuahua. H. M. Burns, a mining man, with interests in northern Mexico, arrived yesterday. Burns declared that the closing of the mines had thrown many Americans out of work and that more than 150, having no other way of living, were now with the insurrectos.

## JACK JOHNSON'S THICK SKULL.

X-rays Show His Dome Roofed with Three-quarter Inch Arch of Bone.

San Francisco, March 24.—Champion Jack Johnson visited the German hospital yesterday to see his younger brother, Charlie, who is being treated for threatened blindness. While experts were taking X-ray pictures of Charlie, they suggested that the champion sit down and have an X-ray made of his head to discover the thickness of his skull.

Johnson accepted and the result showed that it required five and a half minutes for the rays to penetrate, thus proving that the champion has a skull ranging from one-half to three-quarters of an inch, which is more massive than the skull of a Texas steer.

While it took five and a half minutes for the rays to penetrate Johnson's skull they go through an ordinary human head in from five to fifteen seconds. The result of the X-ray exposure amazed all the medical experts at the German hospital. All declared that Johnson's skull surpassed in thickness any which they had seen and proved that he could not be knocked out by a blow on the head.

## WILL RUSH WOOLSCCHEDULE

Agreement Reached by House Democrats

BEGIN TO INVESTIGATE

To Act Promptly on the Opening of Congress—Some Complications in the Selection of Committees.

Washington, March 24.—Three interesting developments are reported from the new Democratic ways and means committee, all lacking official information, yet each apparently taken for granted as true in congressional circles here. The first is that the next business of the committee will be to investigate the woolen schedule, thereby preparing for an immediate attack on the wool and woolen duties. The committee omitted its meeting Wednesday to await certain information respecting the tariff which would assist in its proceeding to frame a bill, but the subject now apparently is under serious discussion.

It is stated also to be the general rule of the committee that where both sides in a contest for a chairmanship appear to be about evenly balanced the committee will let seniority decide the issue. This rule is not inviolable and was distinctly broken in the case of the committee on military affairs, in which, it is reported, Representative Hay of Virginia, who threatened an insurgency against Champ Clark unless the committee on committees scheme were permitted to go through, has been given the chairmanship over William Sulzer of New York, the ranking Democrat. It is expected that the committee on immigration will be headed by John L. Bennett of Alabama, who thus is preferred because of seniority over Adolph J. Sabath of Illinois. It is formally admitted by the committee that John J. Fitzgerald of New York will be chairman of appropriations.

Lacking confirmation, but generally believed, is the report from the committee room that William C. Adamson of Georgia will succeed James B. Mann as chairman of interstate and foreign commerce, one of the most important committees of the House. Adamson is classed by his fellow Democrats as a reactionary of the worst kind, a steadfast opponent of the pure food law, of the railroad rate bill of 1910, and of practically every progressive piece of legislation that Congress has enacted since he has been a member of that body. His friends have come to his rescue with the statement that he has "seen the light" recently, but his critics declare that if this be the case his conversion is very recent. The fight for this position between Adamson and some other aspirants has been extremely bitter, and the committee may have fallen back on the seniority rule in this case. Representative Peters of the ways and means committee has been a member of this committee, but his personal preference for the chairmanship is not known. It is understood that Burleson of Texas will be given the chairmanship of the committee on agriculture to console him for losing that on appropriations. Burleson did not rank Fitzgerald, but claimed the place on the ground that Fitzgerald was a "traitor" to his party in voting for the modification of the House rules which Speaker Cannon and his associates were willing to accept.

## GODDARD'S COACH REVIEWS SEASON

Which Closed Wednesday Night, When Goddard Won Championship of Vermont Schools—Praises College Management of Closing Game.

Editor, Barre Times: It has been published by the press already that Goddard proved its claim to the title of champion of Vermont by defeating Burlington high school at Burlington on Wednesday night. What has not before been made public is the interest and spirit shown by the university of Vermont and the splendid management of Mr. MacDonald, physical director of the university, who arranged the game and carried it off without the slightest difficulty. To him all the credit is due for creating a precedent which we hope will be continued. It seems fit and proper that the state university should exercise supervisory powers over the athletics of preparatory schools in the state, and the manner in which the championship game was run off Wednesday shows how well Vermont is able to do this. Mr. MacDonald hopes to have the future championship basketball games played in the college gym, and promises to provide a cup or other suitable trophy.

To the Burlington team, though defeated, belongs the credit of producing one of the finest teams that has played basketball in New England. Burke and Hughes at forward, Alden at center, Powers and Palmer at guard, make a combination that any team might be proud to defeat. For Goddard, Capt. Richardson at forward and Fisk at center have been the season's stars, with Carr at forward, Chapell, MacIver and McLeay at guard always ready to block their opponent or shoot a basket as the opportunity offered. In short, Goddard owes success to the fact that it has no individual star, but a well-developed machine, which piled up the score without mercy.

Fisk at center outjumped his opponent in every game and led the team in shooting, with 79 baskets in 14 games. Capt. Richardson scored 60 baskets and 32 foul goals in 14 games. Carr at right forward was a good shot all season, as his record of 51 baskets and 1 foul goal in 14 games shows. He promises to be a star in the future, even more than this season. Chapell played a running game at guard and scored 28 baskets in 10 games, while his opponent scored 12. MacIver at the other guard played on the defensive more, but scored 11 baskets to his opponents' 10. McLeay played at guard in 9 games and scored 16 baskets to his opponents' 5. Scott scored 5 baskets in 4 games, Warden 1 in 3 games, Craig 2 in 1 game.

PILES CURED IN 6 TO 14 DAYS. PAZO OINTMENT is guaranteed to cure any case of itching, blood, bleeding or protruding piles in 6 to 14 days or money refunded. 50c.

## NO DYSPEPSIA OR UNDIGESTED FOOD

A Little Diapiesin Now Will Settle Your Out-of-Order Stomach and End All Indigestion Five Minutes Later.

There would not be a case of indigestion here if readers who are subject to stomach trouble knew the tremendous anti-ferment and digestive virtue contained in Diapiesin. This harmless preparation will digest a heavy meal without the slightest fuss or discomfort, and relieve the sourdest acid stomach in five minutes, besides overcoming all foul, nauseous odors from the breath.

Ask your pharmacist to show you the formula, plainly printed on each 50-cent case of Pape's Diapiesin, then you will readily understand why this promptly cures indigestion and removes such symptoms as heartburn, a feeling like a lump of lead in the stomach, belching of gas and eructations of undigested food, water, brash, nausea, headache, biliousness and many other bad symptoms; and, besides, you will not need laxatives to keep your stomach, liver and intestines clean and fresh. If your stomach is sour and full of gas or your food doesn't digest, and your meals don't seem to fit, why not get a 50-cent case from your druggist and make life worth living? Absolute relief from stomach misery and perfect digestion of anything you eat is sure to follow five minutes after, and, besides, one case is sufficient to cure a whole family of such trouble.

Surely, a harmless, inexpensive preparation like Diapiesin, which will always, either at daytime or during night, relieve your stomach misery and digest your meals, is about as handy and valuable thing as you could have in the house.

Olsen 1 in 1 game and Aldrich played in one game, failing to score. This completes the winter's basketball season, which has been a most interesting and successful one.

Goddard's record is probably the best that any prep school in Vermont has had, and while the team loses Capt. Richardson and Fisk by graduation, Carr, Chapell, MacIver and McLeay will need only a center to make another team of championship calibre. Goddard's record is 14 games won and none lost, scoring 625 points to opponents' 196. Burlington won 12 games and lost two, one to Hardwick and one to Goddard, scoring 429 points to 212 for opponents. Aside from these two teams, Kelly of People's academy, Dunsmuir of Vermont academy and Grady of Spaulding made fine records for themselves this season.

L. J. Stacey.

## BURLINGTON REFUSED

To Go to Newport to Play Newport High School.

To the Editor of the Free Press:

A short time ago a letter came from Manager Gordon of the Burlington high school basketball team appeared in the columns of the Free Press, in the form of an answer to a challenge sent Burlington high school by Newport high school. In this letter, Manager Gordon said Burlington high school could not afford to make the trip to Newport. However, if Newport would pay their expenses they would come. On these grounds Newport high school has offered to pay all Burlington high school's expenses to Newport and Burlington high school refuses to come. This leaves Newport high school clear to claim the high school championship of the state.

Charles S. Ferrin, mgr.  
Delos M. Buck, capt.  
Newport, March 22, '11.

## How to Stop Drinking

It was formerly customary for the habitual drinker to take the pledge regularly, sometimes once a year, and sometimes in every fit of remorse that follows his debauches, and then—break it.

But now it is gradually dawning on the world that pledges do not stop drunkenness. The nervous system of the habitual drinker is diseased, and he must have treatment that will cure this condition. If Orin does not benefit after a trial, we refund your money. Can be given secretly.

Write for free booklet on alcoholism to the Orin Co., Orin building, Washington, D. C. Mailed sealed in plain envelope. Orin costs but \$1 per box. Sold in this city by Burt H. Wells, 100 North Main street.

The best fertilizer for your crops is the fertilizer that supplies in the right proportion, the properties that your soil needs.

## BURLINGTON ANIMAL FERTILIZER

is a scientific plant food made from the products of our rendering establishment, together with the proper addition of high-grade chemicals.

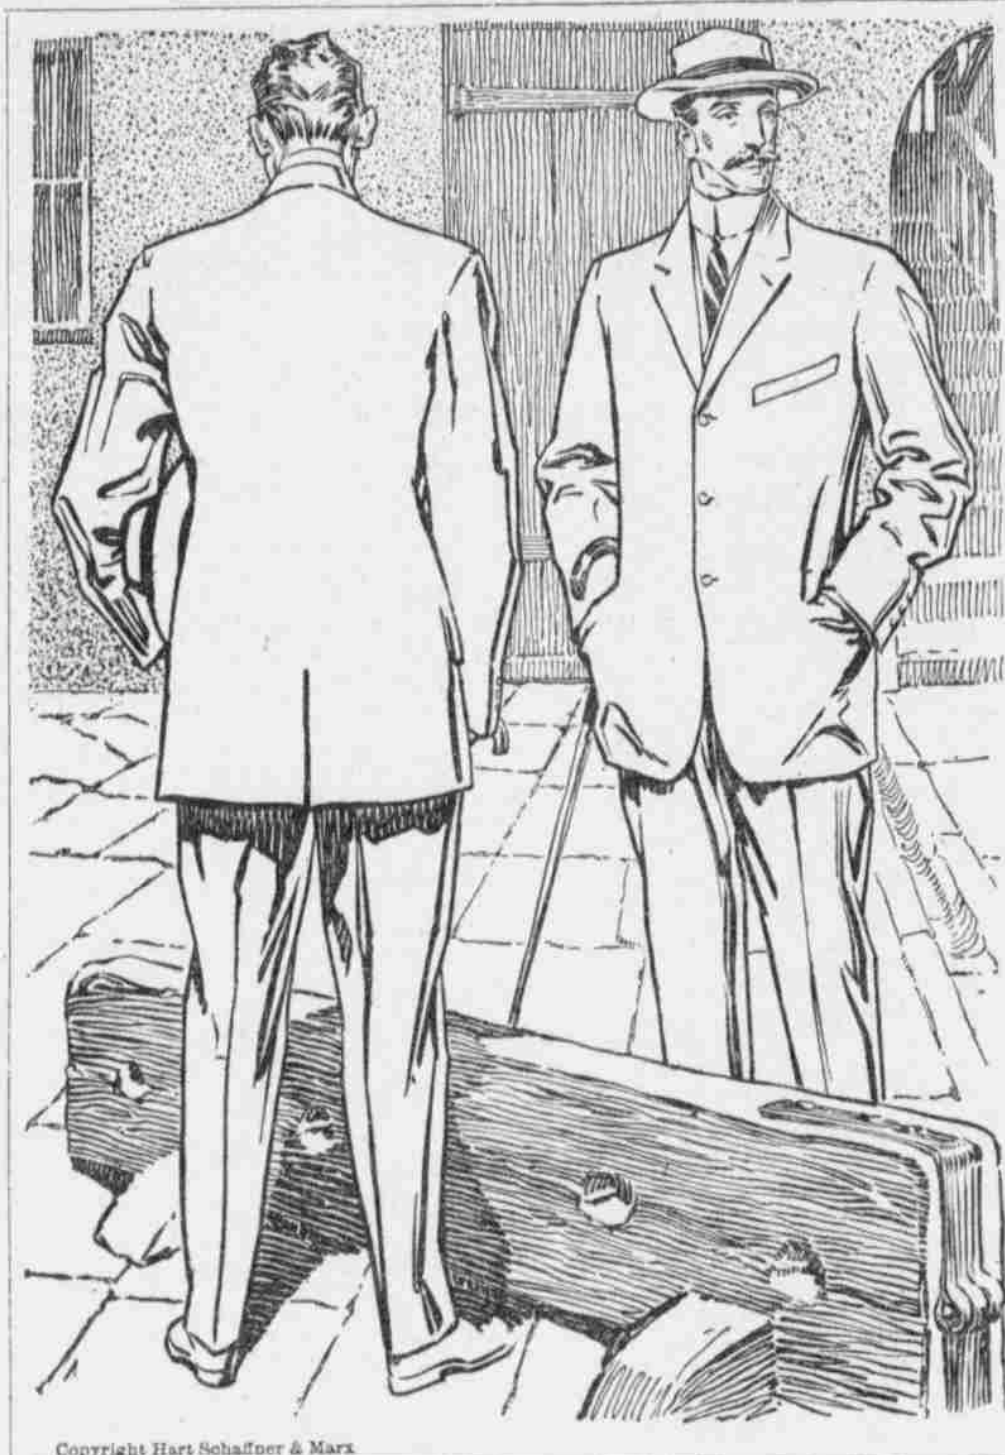

Just remember when you buy fertilizer that no single brand is adapted to all sections of the country.

Burlington Animal Fertilizers are made and sold in Vermont only—and they are made right for Vermont soil.

Burlington Rendering Co.  
Burlington, Vt.
